

## Community Events Overview

Greetings! Carnival Times has supported community events for several years. These events are normally those that are part of the community celebrations such as July 4<sup>th</sup>, Founder’s Day, or Festivals. We offer services to include an event package that works best for young children to adults. The attractions usually include a package of 7 or more. Below is a sample selection. These items are ones that we consider “quick movers.” Items where kids and parents don’t spend a lot of time waiting in lines.

We can offer packages to include 1-3 days, and Carnival Times would offer staff services for mechanical items and ticket booth. This would include setup and teardown. The area of setup would need to have electrical resources for these attractions.

Based on the number of attractions and days of the festival a minimum in Gross Revenue from selling tickets and wristbands must be met. In the event the Gross Revenue is above the minimum, the community receives those funds to hopefully help support next year’s event. If the Gross Revenue falls below, the difference must be paid to Carnival Times for services.

We can also provide straight rental to the community at a discounted rate, and still support the community by setting up and tearing down party equipment. Operation would be solely by the community planners. Mechanicals are still supported by our staff.

If you have an event please contact us to see how we can provide a package that is right for your community: 816-569-2855.
